The Colors of Music

Experience the high quality you've come to expect from Santorella Publications in The Colors of Music, with musical instruments over an intricate background pattern. Each image is printed on heavy stock on only one side of the page to avoid bleed-through. Printed in the larger 9 x 12 size, with lay-flat binding, the book is designed to last for years, while each page is perforated for easy removal. The Colors of Music literally reminds us that art and music are "on the same page." This trend-setting series will provide both the artist and musician with yet another creative channel for self-expression and individualism.
